Figure 2: page 2 of the scan fixture.

Trailing fragment without terminal punctuation

Mixed language: ⋯ English ⋯⋯

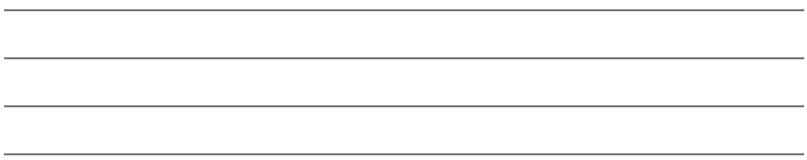
Numbers: 3.14159 2.71828 1.41421 0.57721

A parser must not assume content stream order is logical order.

Reading order in this page is deliberately scrambled.

This sentence was written first but appears second.

The quick brown fox jumps over the lazy dog.



Above: an empty grid with no text layer at all.

SIDEBAR: rotated annotation block, only geometry reveals its true reading position.
